Synchronize

Step1-After click on VAW Mobile App, VAW will be redirected to the above login page. VAW will enter username (ex. VAW_116364) and pin, and then click on login button.

Step2- (Internet Required) it will automatically go to synchronization page as shown in the above screen. Enter Username, Password & captcha and click on synchronize. GP target along with other details will be saved in VAW's mobile

VAW Home Page

After synchronization VAW will be redirected to the above page. At the top left corner of this page VAW will see a three lines type logo, click of that logo to get Generate Permit No & other options. Click on generate permit no.

VAW Permit Generation Page

The image displays two screenshots of the VAW Permit Generation Page on a mobile device. The left screenshot shows the 'Input Details' step (2) where various farmer and crop information is entered. The right screenshot shows the 'Available Target 3.00 (Gen)' step where land area, agri input, and technical name are specified.

Left Screenshot (Input Details):

- Step 1: Crop Details
- Step 2: Input Details
- Select GP*: MANAPADA
- Farmer ID*: BAR / 100972 ✓
- Name: ANTARJAMI SARANGI
- Mobile No*: +91 7894944504
- Select SubComponent*: Farmers Assis
- Select Scheme*: STATEPLAN
- Select Sub Scheme*: Promotion of
- Select Component*: State Plan Cor
- Select Crop*: Paddy
- Proceed button

Right Screenshot (Available Target 3.00 (Gen)):

- Step 1: Crop Details
- Step 2: Input Details
- Available Target: 3.00 (Gen)
- Area of Land (In Acre)*: 5
- Area of Land (in Hectare)*: 2.00
- Select Agri Input*: Insecticide
- Pest/Disease*: Army worm /C
- Maximum Eligible Subsidy*: 1000
- Technical Name*: PROFENOPHC
- Submit button

Enter **farmerId**, it will show farmer name. Enter Working **mobile number** of the farmer which is mandatory as SMS of permit and invoice will go to that number.

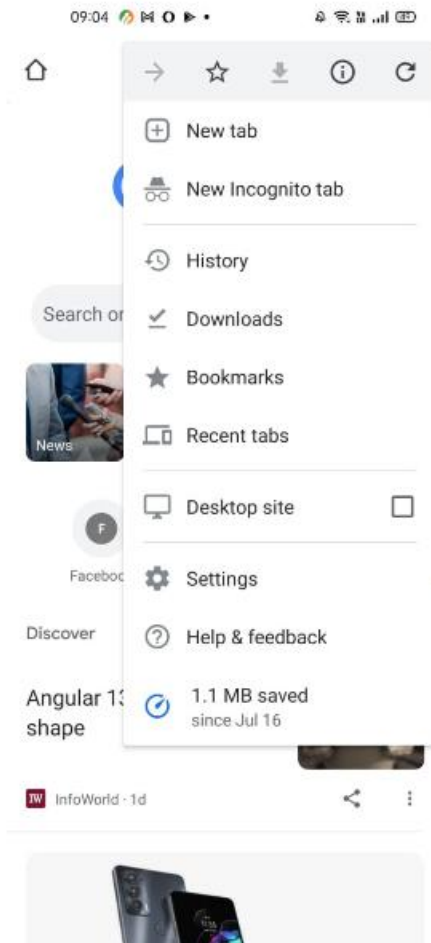

Select sub-component as **Farmers Assistance** then select scheme as **STATEPLAN** then select sub scheme as **Promotion of Need Based Plant Protection** then select **crop** then click on **proceed** then it will show target page, In the target page enter **area of land** then select **Agri input** then select **technical name** then click on **Submit**.
